

Access Control

Allowing schools to block particular users from syncing between Wonde and Discovery Education

To log into your account please head to: <https://edu.wonde.com/login>

Once logged in to the Wonde Portal your dashboard should look something like this:

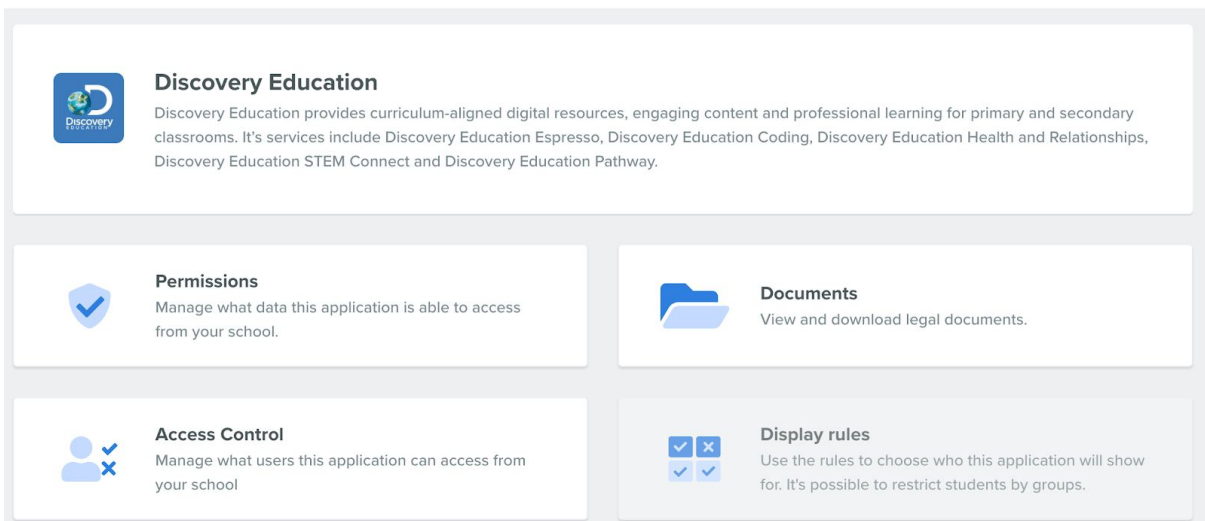

Next click on the tile for *Discovery Education*. This will take you to the application management page as seen below.

You will then be presented with 3 options :

- *Documents* - Where you can view our Data Handling Agreement.
- *Permissions* - This area will allow you to view the data Discovery Education is asking to read from your MIS.
- *Access Control* - A tool allowing you to prohibit certain users from being shared.

Dashboard > Discovery Education

Please select *Access control*, you will then have a further 3 options:

- Allow access to all users
- Exclude certain users and allow access to all others (*Everyone but these users*)
- Allow access to certain users and exclude all others (*No one but these users*)

Dashboard > Discovery Education > Access control You have selected 0 out of 1086 people

For Discovery Education I would like to:

- Allow access to all users
- Exclude certain users and allow access to all others Recommended
- Allow access to certain users and exclude all others
